RESULT OF HARGIS PETITION FOR BAIL.

In the Fayette Circuit Court, on Monday, Judge Watts Parker, on the petition of the Hargises for bail, allowed ex-Senator A. H. Hargis to give bail in \$15,000, and refused to allow Judge James Hargis, Elbert Hargis and Sheriff Ed. Callahan to give bail.

The trial of these parties, under the indictments for procuring the assassination of James Cockrell, were set for Tuesday next, April 4, and both sides assert that they will be ready when the case is called.

A ROLAND FOR HIS OLIVER.

The Georgetown Times, of March 29, says very justly:

"The Republican rascals in Colorado have brought the State into general contempt."

But how about that little Kentucky affair, managed by Editor Bell's party, in 1900?

WENT THROUGH BURNING TREESTLE.

The westbound passenger train, on the Louisville Southern Railroad, ran into a burning trestle, on Monday afternoon, some two miles this side of Shelbyville, and was wrecked. The trestle, which was of wood, had been ignited by a passing freight train. It was round a curve, where the engineer could not see it in time to stop entirely. He, however, slowed up, after he discovered the burning trestle, but not enough to prevent the engine, baggage and mail cars from crashing through to the valley below. The cars were ignited and burned up, together with a portion of the contents.

Luckily no one was seriously hurt.

Several trains from that road were compelled to come through this city over the L. & N. from Shelbyville.

SUNDAY'S ALARM.

At 12:40 p. m. on Sunday, an alarm from box 26 called the fire boys to a cottage occupied by colored people on North St. Clair street, where the roof was found to be on fire. It was quickly extinguished with but nominal loss.

The wind was blowing pretty hard, and it was feared that a serious fire would occur, but by good work it was prevented.

We regret to lose him and his family from our city.

The bricklayers of this city have formed a union and elected the following officers:

REFUSED TO CHANGE THE DATE.

The Democratic Committee of this (the Fourteenth) Judicial District met in this city on Tuesday and refused, by a vote of 3 to 1, to change the date for holding the primary election to nominate a candidate for Circuit Judge. Therefore, the primary will be held on Wednesday next, April 5, as already arranged for.

COL. YOUNG E. ALLISON RETIRES.

It is with sincere regret that we learn that Col. Young E. Allison, the brilliant and versatile editor of the Louisville Herald, has sold his interest in that paper and has retired from the editorship.

Col. Allison is a writer of singular ability, clearness, and purity of style. His retirement is a heavy loss to journalism in Kentucky.

CLIMATIC CURES.

The influence of climatic conditions in the cure of consumption is very much overdrawn. The poor patient, and the rich patient too, can do much better at home by proper attention to food digestion, and a regular use of German Syrup. Free expectoration in the morning is made certain by German Syrup, so is a good night's rest and the absence of that weakening cough and debilitating night sweat. Restless nights and the exhaustion due to coughing, the greatest danger and dread of the consumptive, can be prevented or stopped by taking German Syrup liberally and regularly. Should you be able to go to a warmer climate, you will find that of the thousands of consumptives there, the few who are benefited and regain strength are those that use German Syrup. Trial bottle, 25c.; regular size, 75c. At all druggists. 1 yr.
